## Mentoring Report

Two mentoring sessions were conducted in 2018. One in the month of June (6<sup>th</sup>, 7<sup>th</sup> & 8<sup>th</sup>) and the other in the month of September (5<sup>th</sup>, 6<sup>th</sup> & 7<sup>th</sup>). The agendas of the first mentoring session were to give individual attention to the mentees and sorting short term goals and following it up. This time the mentors had one to one meeting with their respective mentees. The mentoring session was indeed successful as the students slowly open up to their mentors. The mentor in the first session tried to talk to the mentees to open up with their problems. The mentors listened to their problems and difficulties and tried to help them. The mentees were motivated to set short term goals also. The issues discussed with the mentees were recorded in the mentoring book provided to the mentees.

The agenda for the second mentoring session was to see if the target goal was achieved or not. In this second session the mentors and mentees tried to see whether the short term goal that the mentees had set in the first mentoring session was achieved or not. The problems coming on their way towards achieving their goal were analyzed and discussed. The overall mentoring session was fruitful as many of the mentees were able to achieve their goal set in the first mentoring session. The best part was that the mentees were opening up to their mentors.
