REPORT ON FIRST MENTORING SESSION FOR THE ODD SEMESTER 2022

The first mentoring sessions for the odd semester 2022 were conducted on the following dates and time:

1st August 2022: 1st semester from 09:00 AM to 01:00 PM

2nd August 2022: 3rd semester from 09:00 AM to 01:00 PM

3rd August 2022: 5th semester from 09:00 AM to 01:00 PM

Agenda of the mentoring session

For the 1st semester the session began with a brief self- introduction by the mentor followed by a brief explanation on what a mentoring session is in general specifying the role of a mentor and a mentee since the students were new to mentoring programme. Next, the mentee was given the time to introduce himself/herself and proceed with her or his sharing. Subsequently, the mentees were enquired on any issues/problems being faced and accordingly they were given suggestions, guidance, encouragements and directions as per their concern and issues. In those cases where the mentees didn't raise any issues, their goals, hobbies, interest, weakness and strengths were discussed and also encouragements were given. The overall session was a completely new experience filled with mixtures of emotions from the mentees.

In addition, for the 3rd and 5th semester, most of the mentor-mentee was the follow up of previous years, so experiences of the mentoring program were discussed and positive responses were given by the mentees. Discussions during the session includes on the previously set goals, issues faced by the mentees academically or personally and the performance of last semester. Understanding on the status of the mentees, the mentors adequately prioritize and helped the mentee to resolve it by setting up passable expectations. The mentors also motivated and encouraged the mentees. The mentoring program was fruitful one as all the mentors invested so much to all the mentees.

Mode of mentoring

Since this was the first mentoring session for this semester one to one session was conducted.

Feedbacks from the mentees

- Positive response towards the mentoring programme
- Addressing the problem of time management.
- Addictions to mobile gaming and tobacco use.

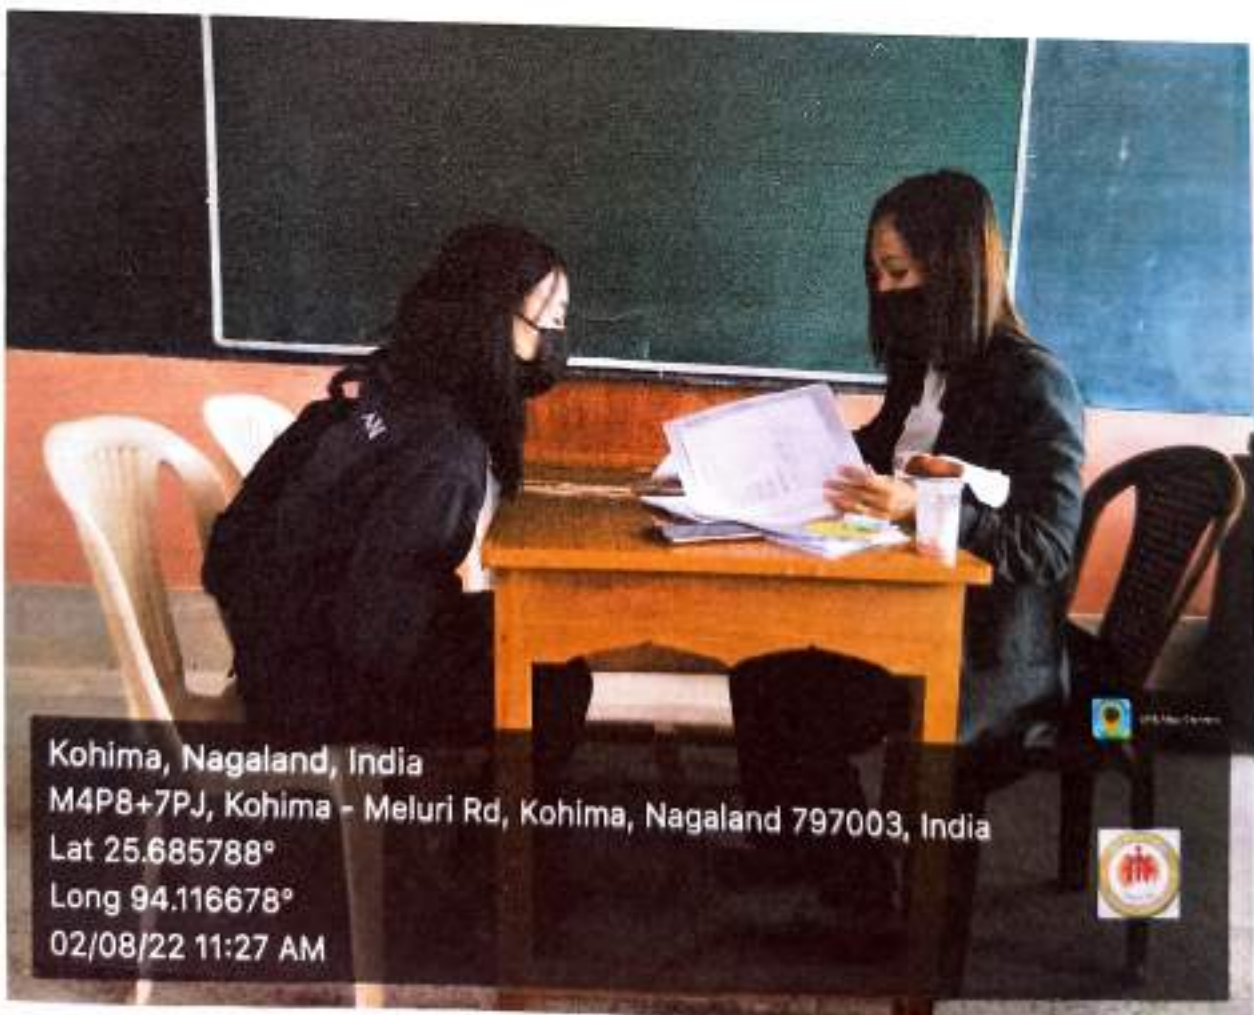

- Health problem.
- Lack of self-confidence.
- Procrastination
- Absenteeism resulting into poor academic performance.

Reflection on the feedback

Many mentors made an effort to help the mentees in resolving their issues. With the collective information from the mentors and the feedback from the mentees, the mentoring committee along with the college counselor will hold a meeting to look into matters and come up with strategies to be implemented in the mentoring program.

The mentoring feedback form

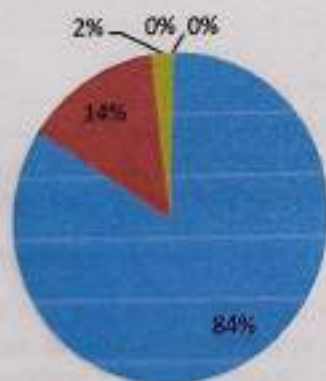

It is always difficult to attribute cause and effect and many factors are at play in people's personal and career progress. Nonetheless, feedback from the Mentees demonstrates over and over again their belief that discussions with the Mentors make an important contribution to later successes. The personal and career narratives of individuals, of course, are not static and the feedback that follows should be regarded as a snapshot, at a given point in time.

The mentoring feedback form comprises of four dimensions: relationship, academic support, motivation and career support.

1. Relationship building is the ability to establish strong personal and professional bonds. Communication, trust, support and equality are some important features of relationship-building abilities. In relationship dimension of the mentoring feedback form, the result finding indicates that the mentees finds the mentors established good relationship for the smooth functioning of the mentor-mentee session.
