C. Write short notes on any *five* of the following :  $2 \times 5 = 10$

1. Rural Universities

The report of the Committee on Rural Universities, 1961, is a landmark document in the history of rural education in India. It was set up by the Government of India to study the various aspects of rural education and to recommend ways and means for its improvement.

The Committee recommended that rural universities should be established in rural areas to provide higher education to the rural population. It also suggested that these universities should be self-sufficient and should be able to meet the needs of the rural community.

According to the Committee, rural universities should be established in rural areas to provide higher education to the rural population. It also suggested that these universities should be self-sufficient and should be able to meet the needs of the rural community.

The Committee also recommended that rural universities should be established in rural areas to provide higher education to the rural population. It also suggested that these universities should be self-sufficient and should be able to meet the needs of the rural community.

Article 151B of the Constitution of India provides for the establishment of rural universities. It states that the Government may, by law, provide for the establishment of rural universities.
