Report on Waste Hunt 2024

A unique “Waste Hunt” was organised to promote awareness on waste segregation and sustainable waste management. NSS volunteers gathered waste from designated public areas, focusing on arrange of materials including glass, plastic, rubber, iron, paper, e-waste, and biodegradable items. After collection, volunteers segregated the waste into specific categories.

The hands on exercise emphasised the importance of categorising waste for effective recycling and disposal. Volunteers were educated on the importance of waste segregation, the environmental impact of each waste type and how segregated waste can be recycled or disposed of more effectively.
